**SUPPLEMENT TO PLAINTIFFS’ MOTION TO ENJOIN DEFENDANT CANTWELL
FROM MAKING UNLAWFUL THREATS AGAINST PLAINTIFFS AND PLAINTIFFS’
COUNSEL**

We write to notify the Court of the most recent example of how hateful, incendiary rhetoric by participants from the defendant side of this case can quickly escalate into disturbingly violent calls to action by their loyal, like-minded followers. The latest expression of hostility, combined with recent alarming conduct by Defendant Cantwell, contributes to an even greater urgency Plaintiffs feel in obtaining an order from the court prohibiting Defendant Cantwell from making unlawful threats against Plaintiffs and their counsel, as requested in our pending Motion to Enjoin Defendant Cantwell from Making Unlawful Threats Against Plaintiffs and Plaintiffs' Counsel ("Motion"). (ECF No. 511).

In response to a recent article published in "Russia Insider" by former defendant Mike Peinovich, itself filled with anti-Semitic invective directed toward Plaintiffs' counsel Roberta Kaplan (*see* Ex. 1 (Mike Peinovich, "Frumpy Jewish Lawyer Leading Campaign to Strip US Citizens of Free Speech and Assembly," *Russia Insider* (Oct. 16, 2019), *available at* <https://russia-insider.com/en/politics/frumpy-jewish-lawyer-leading-campaign-strip-us-citizens-free-speech-and-assembly/ri27784>)), an apparently faithful fan posted the following: "May God damn her. Oh, wait. She's a Jew. Never mind. But may God bring her plans to naught. May she have a 'Heather Heyer' event...." (*See* Ex. 2 (comment on Oct. 16, 2019 *Russia Insider* article by user Fr. John+).) The reference needs little explanation: it is an explicit wish that lead counsel for the Plaintiffs in this case die in a terrorist attack, reminiscent of the one that brings us to Court in the first place.

Plaintiffs filed our Motion on July 2 because we believed at the time that the barrage of threats by Defendants and the supporters whom they incite placed us and our clients in genuine danger. The persistent provocations appeared to constitute a concerted effort to attempt to chill our interest and ability to prosecute this case and ensure our clients' right to a fair trial. We filed

that motion because litigants should not have to worry for their lives while seeking to vindicate the lives of others.

In the three months since that motion was filed, the rhetoric and volatile behavior has only escalated, including, for example, Mr. Cantwell's public announcement on social media last week that he brought a gun to a movie theater, which attracted the attention of local law enforcement. (*See* Ex. 3 (Cantwell Telegram posts (Oct. 10, 2019)).) As we stated in our initial motion, the Court need not, and indeed should not, wait for these inflammatory remarks to bubble over into another tragedy. (*See* ECF No. 511). Like the allegations in this lawsuit, the remedy we are seeking is expressly designed to avoid any infringement on the First Amendment. We seek an order from the Court that simply proscribes what is already illegal: unlawful threats. In light of the recent events described above, we urge the Court to take swift action on our pending motion.

Frumpy Jewish Lawyer Leading Campaign to Strip US Citizens of Free Speech and Assembly

Roberta Kaplan, famous for convincing the Supreme Court to legalize 'gay marriage,' is trying to use Charlottesville to dismantle the First Amendment

Mike Enoch  (National Justice) Wed, Oct 16, 2019 | 1630 words  3,187  43 

SOCIETY CHARLOTTESVILLE

It's been two years since Roberta Kaplan and her co-conspirators filed their sham lawsuit against organizers, speakers and attendees of the August 12, 2017 rally in Charlottesville VA, and the media is once again carrying water for her. The latest puff piece on the Jewish lesbian lawyer appears in [Glamour Magazine](#), a strange choice given how conspicuously lacking Robbie and her accomplices are in that particular trait.

This rather absurd piece of fake news is meant to restore public interest in the seemingly interminable lawsuit, as well as drive large dollar donations to Robbie's

pockets. Published right in between Rosh Hashanah (the Jewish new year) and Yom Kippur (the Jewish day of atonement), Robbie no doubt hopes to use the suit as a vehicle to pressure schul-goers for shekels. It wouldn't be the first time Robbie has exploited the Jewish religious calendar to hit her tribe up. According to a June 2019 report in the Jewish Telegraphic Agency, Robbie has raised over \$10 million so far for this bogus suit.

Support Russia Insider - Go Ad-Free!

A non-governmental organization has raised \$10 million toward paying the costs, an official of the group told JTA, and is still fund-raising. Integrity First for America, according to its website, is “dedicated to holding those accountable who threaten longstanding principles of our democracy — including our country’s commitment to civil rights and equal justice.” But for now its only brief is the Charlottesville case.

Where is all that money going?

Support Russia Insider - Go Ad-Free!

Anatomy of a Fraud

The now two year old Sines v. Kessler lawsuit rests on a threadbare legal theory based on an archaic law from 1870 that Robbie herself has publicly acknowledged she devised ad hoc in order to pursue her real agenda: to overpower the First Amendment and shut down legitimate political speech.

Four exhausted young men pushed out of Lee Park by Virginia State Police. In front of them is a screaming mob armed with poles, projectiles and other weapons.

Robbie alleges that anyone who attended the rally and did any sort of planning ahead of time is liable for the fatal car accident in which communist rioter Heather Heyer was killed and for any other damages alleged by her myriad of clients. The only reason such a ludicrous suit didn't get tossed immediately is Robbie's status as a wealthy and famous lawyer with powerful connections in DC and Tel Aviv. Her claim to fame is that she argued for gay marriage in front of the Supreme Court in

2013, which granted her celebrity status generated by an unfree press that was lockstep in supporting her ambitions.

To underscore the absurdity of this suit, let's examine the case of Tyler Magill, a local Charlottesville hustler who capitalized on the media commotion following the protest to cash in. Magill alleged that he was hit in the neck by a tiki torch on the night of August 11th, which four days later caused him to have a stroke! This story went viral in leftist circles on the internet and Magill scammed \$130,000 in GoFundMe bucks from hysterical liberal suckers.

Magill's allegations were thrown on the pile of frivolous complaints in the Sines v. Kessler, which shows Kaplan and her team didn't bother to investigate these claims. Magill's own doctors have publicly expressed trepidation over the claims. At the time Robbie's sham lawsuit was filed, these facts were all publicly known:

- No video or witness account of Magill being struck existed.
- A video of Magill from August 13th in which he chases and screams at Jason Kessler had been widely distributed on the internet. There was no injury to his neck in this video.
- Magill's doctors had publicly stated that they could find no evidence of trauma to his neck, and that even if he had suffered trauma it would be virtually impossible for it to trigger a stroke 4 days later.

Support Russia Insider - Go Ad-Free!

Given this, why would a lawyer of Robbie's alleged stature discredit her litigation by including claims from a charlatan like Tyler Magill? Far from being the "blockbuster" lawsuit that Glamour says it is, Sines v. Kessler is a hot pile of shit that has only survived due to Robbie's wealth, personal friends in the media and close ties to kleptocrats in the Democratic party. In February 2019, Magill quietly moved to dismiss himself from the case and slinked away before he was pressed in court.

In the Glamour puff piece, Robbie repeats her usual fairy tales about how she is bravely standing up to the evil white supremacists in spite of a supposedly unrelenting torrent of threats and abuse. These claims are wild exaggerations, if not outright lies, and are calculated to elicit maximum sympathy from her fellow Jews during the Jewish Holy Days. Robbie has made public appeals during the Jewish

holiday of Purim—in which Jews celebrate the murder of Persian vizier Haman, his 10 sons and 75,000 innocent Persians—to get her fellow Jews writing checks while she issues veiled threats against the defendants.

Robbie the Victim

In Glamour, Kaplan's Jewish interviewer sets the narrative's table for her:

When I meet Kaplan for the first time and ask about the threats, she almost smiles. She gets it, how much these men despise her. She's a woman who happens to be both a lesbian and Jewish. Since the 2016 presidential election, she has worn a small star of David around her neck—a personal reminder to keep up the fight against hate in all its nefarious forms.

Support Russia Insider - Go Ad-Free!

Robbie will happily announce her status as Jewish, a woman, and a lesbian yet will accuse anyone who repeats her own words when describing her of "threats."

Robbie has also developed a reputation for making bombastic and irresponsible statements to the press concerning this case. Until my motions to sanction, she operated as if she was above standard procedures and legal ethics. As a defendant in the suit, I moved several times with the court to restrain Kaplan from her attempts to try me in Jewish-run media, instead of the court of law.

In one document I complained to the court that Kaplan was:

- Making statements online that were intended to prejudice the public against the defendants after having asked for a jury trial.
- Making equivocal allegations attempting to tie defendants to Parklands shooter Nikolas Cruz, to murderers of abortion doctors and to Jim Crow era lynchings of black Americans.
- Making religious threats against defendants.
- Openly admitting the case was about shutting down free speech.

- Doing speeches in which pictures of defendants were included in slideshows next to images of burning crosses and hooded klansmen.
- Making statements that imply she has a special connection to the Court.

The "brilliant" Kaplan's response was to claim that she was suffering threats and harassment from defendants. As "evidence" of this, she showed tweets by Jason Kessler in which he does not come close to even the most liberal definition of a "threat," placed above and below Gab posts by a mysterious account calling itself "American Identitarian Party." This account may fool a layman, but it would not fool anyone familiar with alt-right culture. A cartoon Nazi "fed poster" using the tepid Generation Identity's logo for an avatar? Not only does it make no ideological sense, the "American Identitarian Party" had no website, no members, no history, not even a social media presence outside of Gab. In other words, this "party" never existed.

The sole purpose of this "A_I_P" account was to stir the pot and post threats to Roberta Kaplan, who curiously did not legally pursue the offender. This was confusing to many people, as she constantly states that she is on a crusade to punish everyone harboring "white supremacist" ideas. The FBI would've taken it very seriously, since she is wealthy and a member of multiple privileged and protected classes, but no, brave Roberta just shrugged it off, as she is part lesbian Ann Frank and part goyim-slaying Bar Kokhba!

Support Russia Insider - Go Ad-Free!

My motion was initially dismissed by Magistrate Judge Joel Hoppe a few hours after my final reply to Kaplan's opposition was filed, indicating that Hoppe had made up his mind before the fact and was not even considering my arguments. As a relatively young Judge who is no doubt hoping to be nominated to the Federal bench, Hoppe cannot afford to make an enemy of someone as powerful as Kaplan. Kaplan has the influence to decide who gets to play and who doesn't in DC. I objected to Hoppe's ruling, asking that District Court Judge Norman Moon review his decision.

The objection had been lingering with no ruling for several months when Robbie produced more inflammatory propaganda intended to poison the jury pool against defendants. This time it was a *NowThis* video in which Robbie told blatant lies and

featured a video montage with pictures of defendants interspersed with pictures of hooded klansmen and dead blacks hanging from trees.

I filed for emergency relief against Kaplan, sanctioning her for repeated instances of unethical behavior and restraining her from making such statements again publicly. Shortly thereafter I was dismissed from the case without prejudice, thus relieving the judge of the burden of having to make a politically inconvenient decision.

Judge Norman Moon, who has demonstrated over-the-top bias in every "alt-right" case he's had before him (and he seems to get them often) should be ashamed of himself for allowing this circus to continue. Sines v. Kessler is just another wart on our decaying and corrupt institutions where common men who don't even have \$1,000 in their bank account are mangled and abused in civil courts by the predatory rich who can pay \$10 million to play right up front. The suit should be renamed Goliath v. David, because while the odds are difficult, outside of the box legal thinking can fight them to a standstill.

The enemy stack the courts with their bought and paid for judges. Ask Jim Fetzer. He is being railroaded and not allowed to give real evidence or defend himself. The Jews are using our system against us, in many ways.

Federal rulings apply only in the district of Columbia, the territories and a few islands on this planet.

The states are sovereign which means the federals can not rule in the stste.

The Constitution is still valid and USCode has provision against traitors who want to dismantle the Constitution. Treason is s capital offense.

Judges are corrupt that's so since time immemorial. It's also in the Bible.

The remedy against crooked judges is the common law jury where 12 men decide the case.

The 5th and 7th amendment guarantees the unalienable right of due process under a common law jury.

The decision of the jury in the case is final.

Chief justice Scalia confirmed that the common law jury is outside the government as it is only mentioned in the Bill of Rights but not in the Constitution.(constitution says what our servants in government are allowed ((ordained)) to do)

If you want to be free you have to fight for your rights, otherwise anybody can take it away.

This Jewish lawyerette needs to be indicted for treason and attempts to destroy the Constitution.

Any violation of an unalienable right is a serious crime. Judges of course can be indicted too and if it is a conspiracy the capital punishment is right around the corner.

Its not dead. It can be used IF one is aware of the rules that govern ones life. Not statutes not codes not regulations not bylaws but law. For instance a judge demanded i garnish my own "pay" since i work for myself. I refused. I also told him i have never earned a cent in profit, only equal exchange measured in frn's for my time and skill. He called in a D.O.R. (department of revenue) agent to try and scare me into signing. I refused. During second call the judge ordered the agent to garnish my "pay" and the agent said "your honour we have no record of him". That was the end of that over 25 years ago. I have never paid a cent in income taxes either even though i work in the building trades and have for over 45 years now. I never begged to be a taxpayer.

Very few would look at a book that tells of knowledge that is consciously and unconsciously avoided because of lifelong beliefs and deeply ingrained fear. Most folks internalize belief as their very identity so any facts in opposition are seen and felt as literal attacks. This is an aspect of what i call eternal childhood which the jew has worked hard to impose and what most at this point have gladly adopted and even defend. This clinging to childhood and irresponsibility is slipping though as truth of the jew spreads.

I think it more important to post on various sites to kick folks in their complacency and rile some righteous indignation at legal-jewish perfidy. Leading i hope to the 110th hunt! Book publishing would involve the jews lifeblood, money, and i seek to need and use the least i can. Our using money empowers the jew in ways i have yet to be successful at getting across to most people. Money is not inert! I live a self sufficient life so my time is "spent" on creating what i need to live comfortably outside the use of money as far as possible.

Its all opinion. Based on personal experience not research. After we realign with our natures by removal of the jew from this world we can do real fact based research. At this point this effort is impossible as is peace. The jew has our energy to use against us and this is a main reason t.h.e.y must go.

Taking away one's wealth through bank and finance scams, removing the rights of citizens to proper legal council, manipulating markets, taking away any personal protection apparatus, making the young fear CO2 and insisting everyone pay a tax because it exists, making the public fear young/old white men, taking away the freedom of speech, pushing any decadence as a gender variety. Deep State= Zionists The people in charge are the one you cannot criticize....(Heck you can't even ask Questions about them...)

Ever look up and see how many members of The U.S. Congress have dual citizenship with Israel....?

Sometimes the Truth is Simply the Truth.How many National Security Secretes has Israel Stolen from the U.S. ...?

Israel's Mossad is free to do whatever it decides necessary to protect its special status. From stealing state secrets, pilfering uranium to build atomic bombs, dancing before the backdrop of a burning WTC where 3,000 innocents died, and killing US sailors without consequence, Israel can do pretty much whatever it wants in the United States and the West.

Every member of Congress knows you don't call out the racist state of Israel for its crimes (ethnic cleansing, the murder of journalists, medics, and the torture of children).

In fact, our "representatives" are expected to ignore murderous and racist Israeli settlers killing Palestinians and flooding schools with raw sewage, among other despicable crimes.

This ongoing cruelty and inhumanity are rarely if ever reported by a corporate media celebrating Israel's "democracy" ad nauseam.

Instead of justice and punishment for crimes against humanity, Israel receives billions of dollars every year from oblivious American taxpayers (or, more accurately, their children and grandchildren because the state now operates in deficit fashion, borrowing trillions the unborn will be obliged to pay).

Somebody who knew damn well that I am not a threat to anyone, called the theater and/or cops about my last post, and by so doing, interrupted the movie for everyone else, just to inconvenience me. Fortunately, what they actually ended up doing, was informing the theater owners and the police, that my enemies are lowlives and liars who phone in bogus threats to law enforcement. Thanks for adding to my growing invincibility. I wish you scumbags had done this dumb shit before Charlottesville, it would have saved me a lot of trouble.
